

**SURFSIDE BEACH TOWN COUNCIL MEETING MINUTES
REGULAR MEETING MAY 8, 2018 ♦ 6:30 P.M.
TOWN COUNCIL CHAMBERS**

Town Council Meeting – 6:30 p.m.

1. CALL TO ORDER. Mayor Childs called the regular meeting to order at 6:30 p.m. Mayor Childs, Mayor Pro Tempore Ott, and Councilmembers Johnson, Pellegrino, Samples and Stevens were in attendance. Councilmember Courtney was absent. A quorum was present. Others present: Councilmembers-Elect Dietrich and Scoles; Interim Administrator Duckett; Town Clerk Herrmann; Police Chief Hofmann, and Events Supervisor Ellis.

2. INVOCATION AND PLEDGE OF ALLEGIANCE. A. Invocation: Rev. John Gambrell, First Baptist Church Surfside, gave the invocation. **B. Pledge of Allegiance:** Mayor Childs led the Pledge.

3. AGENDA APPROVAL. Mr. Stevens moved to adopt the agenda as presented. Mr. Ott second. All voted in favor. **MOTION CARRIED.**

4. MINUTES APPROVAL. Special Meeting April 19, 2018 and Regular Meeting April 24, 2018. Mr. Stevens moved to adopt the special meeting and regular meeting minutes as presented. Mr. Ott second. All voted in favor. **MOTION CARRIED**

5. ELECTED OFFICIALS INAUGURATION. Town Councilmembers-Elect Oath of Office.

i. The Hon. David Pellegrino, Charge by Mrs. Elizabeth Pellegrino. Incumbent Councilmember David Pellegrino was charged for his second term of office by his wife. The written Oath of Office was executed, a copy of which is filed with these minutes.

ii. The Hon. Bruce Dietrich, and iii. The Hon. Debbie Scoles, Charge by Town Clerk Herrmann. Both Members-Elect Dietrich and Scoles were charged by Clerk Herrmann. The respective Oaths of Office were executed, copies of which are filed with these minutes.

6. MAYOR PRO TEMPORE ELECTION

Mr. Stevens moved to elect Mr. Johnson Mayor Pro Tempore for the 2018-2020 session. Mr. Ott second. Mayor Pro Tempore Ott and Councilmembers Johnson and Stevens voted in favor. Mayor Childs, and Councilmembers Dietrich, Pellegrino, and Scoles voted against. **MOTION FAILED.**

Ms. Scoles moved to elect Mr. Pellegrino Mayor Pro Tempore for the 2018-2020 session. Mr. Dietrich second. Mayor Childs, and Councilmembers Dietrich, Pellegrino, and Scoles voted in favor. Mayor Pro Tempore Ott and Councilmembers Johnson and Stevens voted against. **MOTION CARRIED.** Mr. Ott congratulated Mr. Pellegrino.

7. PUBLIC COMMENTS. Agenda Items Only. (3-minutes per speaker) There were no comments on agenda items.

8. COMMUNICATIONS. Administrator's Report. Mr. Duckett said I knew when I agreed to act as interim administrator there would be three major events during the short time that I would be here: the first was the election and fortunately the administrator had nothing to do with elections, except stay out of it, and I think I was successful in doing that; the second thing, and maybe the most important thing in my mind, was to help this council find a permanent administrator, and I think we're on our way to doing that. I think everybody will be pleased when that does happen, and the third thing is to help prepare a budget, and as you all know, by law every council in every city has to pass a balanced budget. So at your next meeting will be the first reading of the budget for next year, and before the next meeting, there will be a budget workshop on the 17th of this month.

57 **9. BUSINESS.** All business was deferred until the May 22nd Regular Meeting.
58

59 **10. DISCUSSION.**
60

61 **A. Public Information Drop-In re: Plastic Bag Ban Ordinance, Councilmember Ott.** Mr. Ott said as
62 we all know, we have an ordinance in place for plastic bags and I'm asking council for consensus to instruct our
63 administrator to set up a half day in council chambers within the next two weeks where he would instruct his staff to
64 get communication out to the business community and the public so they can get information and ask questions
65 about the single-use plastic bag ban ordinance. Councilmembers could attend if they wish. Some residents don't
66 think they can clean up yard waste with the plastic bags. Everybody needs to understand exactly how unrestricted it
67 is to the residents. Mr. Johnson agreed and said there are several issues that have not been addressed, like the
68 Farmers Market and other situations that are going to arise. It's easy to dictate to the major supermarkets, which may
69 or may not be here in a month or two, but you do have some restaurants that were not notified. Mayor Childs asked
70 if Mr. Duckett knew how to notify the businesses. Mr. Duckett believed notices could be sent through the business
71 license office. Mr. Pellegrino agreed, and believe this was a good idea. Ms. Scoles asked how the residents would be
72 informed. Many of them do not have Internet or use computers. Mr. Ott said maybe the word can be spread by word
73 of mouth. We can publish in the newspaper, and send an email message to the subscription list. **Council**
74 **CONCURRED.**
75

76 Mr. Pellegrino said I noticed in Garden City and also in Georgetown County continuing construction on the
77 Greenway Bike Path. There's a gap in it in Surfside Beach. We had an opportunity many years ago to pursue this,
78 but we didn't. I'd like to get consensus from council to direct the interim administrator to contact the government
79 agency that provides grant funds for the Greenway to see if a grant is still available so we can pursue that so we
80 aren't the only ones on Grand Strand with a gap in the bike path. Mayor Childs recalled the town lost a \$400,000
81 grant many years ago, because the bike path was unable to come through the town because of the exits and entries
82 along Ocean Boulevard. We discussed using the frontage road, but that wasn't a good choice. Mr. Pellegrino said
83 the town has other options; there is a sidewalk going all the way down Hollywood Drive. That's what we need to see
84 if a grant is available so we can talk about it, get the citizens involved and see what the best way to proceed is. Mr.
85 Johnson said the biggest obstacle was that the right-of-way is so small in certain areas of Ocean Boulevard that it
86 wasn't feasible to put a large Greenway path. There were several options. One was to place it under the power lines
87 just outside of town to connect with Garden City. Mayor Childs said Hollywood Drive sounds like a good option.
88 Mr. Ott asked if the Greenway was only for bikes. Mr. Pellegrino said bikes and pedestrians on an 8 foot wide path.
89 Mr. Ott agreed that this should be checked.
90

91 **11. PUBLIC COMMENTS. General Comments.** (5-minutes per speaker)
92

93 Ms. Ann Wescott, Cedar Drive North: Some battles are never won. If you're going to put a Greenway in,
94 you better realize that a lot of people aren't gonna want it in front of their house, and Hollywood Drive the sidewalk
95 is not wide enough, so just don't push it on people who don't want it.
96

97 Mr. Boyd Sadler, 8th Avenue South: I have a lot of things to say. I'm gonna reserve them for a later time.
98 (**) mention about the gap, Surfside Beach being a gap. How many more beaches along the Grand Strand allow
99 tents? Bike path is a really good idea, but you know, being a gap is the least of the problems. Actually, this town
100 doesn't even allow horses on the beach, and the rest of the Grand Strand does. So, we're gonna be a gap no matter
101 what we do. Maybe we should actually change the name of our, the seal to say not just the family beach, but we're
102 the gap. We have a gap in integrity. We have a gap in competence, and confidence. We really need to work together,
103 and it's gonna take a lot to do that. A lot, and I sure hope we can come together as a town, because I don't see
104 anybody winning right now. Sadly to say, but I wish the town, I wish the townspeople, and I do wish this council
105 good luck, because you're gonna need it, and I hope to gosh the town survives, because we're all divided.
106

107 Mr. Tom Dodge, 8th Avenue South: At the last meeting I talked about my fear is that the building height
108 limit in the pier area would be raised for developers to put up high-rises. Mr. Pellegrino said he would not vote to
109 raise the height limit in the R3 District. After the meeting, I spoke to him about not only R3, but also C3, and I hope
110 it doesn't ever happen, but the E District. He told me and Mr. Johnson he would never vote to raise the height limit
111 and R3, C3 and the E District. I would like him to state that publicly tonight for the record. Never trust a politician.
112 At the last meeting, I also asked for background checks on our new council people. I think I can honestly say most

Town Council Regular Meeting
May 8, 2018

113 people do not know them, and I am once again asking for these checks. If you are going to hire a nanny for your
114 child or grandchild, I am sure that you would ask for a background check. Well, you council people are our nanny. I
115 for one want to know what my nanny, whether my nanny can be trusted. I don't know you. I would also request that
116 the town administrator and future department heads live in our town. They make huge financial decisions, but have
117 no vested interest. They pay no taxes here. It does not affect their wallet like it affects my wallet, and everybody else
118 that lives in town. They should be asked to live in our town. Welcome back, Sabrina, what a pleasant difference it
119 has been already, and finally, what's up with the no motor vehicle sign that's on Melody Lane just west of Ocean
120 Boulevard? If there is no motor vehicles on allowed on Melody Lane, somebody ought to check it.
121

122 Ms. Patricia Magliette, Harbor Lights Drive: Well, it was a rough election, but congratulations and God
123 bless everybody who's sitting up there tonight. May you have a wonderful four years. So we have something good
124 on a flyer for our election. We had one of our people who got reelected, congratulations, had on his election flyers
125 that I stand for the police and the fire department, and I think it would be good considering that were starting budget
126 talks that we finally, as he said, it was from two years ago, that we finally, finally see some action on this for our
127 police men, giving them a raise, because Myrtle Beach is like, I think, giving them 40,000 a year, and there was
128 another flyer from another person who is newly elected that said he stands for public safety, and I think that between
129 the two of them and the rest of the council we can really, like within this month, like within our budget talks see fit
130 to give our policemen their raise and give our firemen their two more full-time firemen to maintain our ISO number
131 one rating. We have a very little town. We have a little population, and yet for the summer time, the town grows
132 monumentally, hugely. Very important that the backbone of our town is the safe family beach; safety. We hear it all
133 the time during bike week that Surfside Beach is a good place to be. Well, summer's coming. We really need to
134 have the police force amped up. We really need to have enough police that they can keep things going smoothly
135 without, God forbid, having just three police on shift at one time. We really need to have firemen, because to count
136 all volunteers isn't necessarily going to work, but we're a beach town and our firemen play a huge integral part in
137 the safety of anybody at the beach. So you can see my concerns. You can see that they're reasonable. That they're
138 honorable for everybody who visits our town. We get a lot of financial gain from our visitors. We have people who
139 have been loyal to living in this town. Us [sic] residents want safety, too. It's an honorable thing to ask and more so
140 to support our wonderful police department and our fire department and the fact that we have an EMT parked right
141 in our firehouse garage, and to respect the mutual aid agreement that we share with the county. It's because of that
142 that we have that EMT device parked. Whenever you call for police, fire, or EMT they're there in like maybe two
143 minutes, most often less. So please, let's just not consider this. Let's put our money where our mouth is and let's do
144 it, especially in particular because were planning an E District. We really need to have our backbone of our town our
145 safety, our police, our firemen, our EMT settled in before we add even more to the pier district and to Surfside
146 Beach. Thank you for hearing me out and I pray that it's going to be real soon this happens, particularly starting our
147 budget discussions.
148

149 Mr. Don Reed, 16th Avenue South: I'd like to remind the council up here that four of the members up here
150 agreed that this was the first step was to pass the plastic bag issue and you were going to go on to other things. At
151 the last meeting, it seemed that we were getting buyer remorse setting in relative to the plastic bag ordinance. I
152 applaud Mr. Johnson for his honesty, insight and concern. However, I do not believe a step backwards is a solution.
153 I applaud you for what you did in getting the initiative to proceed with this. It is an opportunity to forge ahead and
154 actually make a difference for our beaches. Ordinance 18-0863 addresses the 17 Corridor and the suppliers of plastic
155 bags. The public comments and concerns for this ordinance were focused on the proliferation of plastic bags and the
156 concerns the plastic bags have on the beach environment and the beach wildlife. As Mr. Johnson said let's get it off
157 17 and down to the beach. As written, it does not address the issues and concerns that were presented at this issue
158 [sic.] It is directed to only the businesses, incidentally, probably one of our biggest revenue sources, and calls for no
159 mandate for public action or commitment. In fact, the exclusions listed in the ordinance ensure the residents will not
160 have to embrace the intent of the ordinance at all. Every public comment that was presented at the reading either was
161 about the proliferation of plastic bags, the micro plastic dangers, and the toxic exposure that plastic bags present to
162 the wildlife and beach environment. When you passed the ordinance, you said this was only going to be the first
163 step. There are many stakeholders in this community relative to the well-being of our beaches. The greatest
164 stockholder is not the retail businesses whom you've chosen to regulate, the greatest stockholder is the rental and
165 real estate industry of this town. These are the businesses that bring the people to our town. These are the businesses
166 that make our profits that make their profits and livelihood using our beaches. It is more than appropriate that they
167 contribute to the protection, maintenance and well-being of the beaches they use and take advantage. In the next step
168 consideration needs to solicit the assistance or require the rental and real estate businesses to promote the town's

169 concerns about the proliferation of and the harm plastic bags do to our beaches. Posting informational signs at each
170 of the rental facility registration points and in each rental unit is necessary. Distributing information bulletins,
171 notices at registration, and with the keys to pick up is necessary. Providing financing to the town for informational
172 signs for each of the town beach access or any other promotional needs the town feels is necessary. If the industry
173 will not volunteer this financing, financing could be mandated by imposing a business improvement or impact levy;
174 an annual fee for each permitted rental agency or a direct payment to the local real estate association or some other
175 means. Following the lead of the Folly Beach Ordinance 3116 and the Isles of Palms Ordinance 2015-18 the current
176 ordinance needs to include the public awareness and education facets, signage at the beaches, sponsorship, public
177 announcements, town sponsored community litter pickups, partnership with local business and civic groups and
178 educational organizations, establishment of a website similar to the ones of the two places I mentioned, and maybe
179 even possibly juvenile community service projects on the beach. The town needs not carry the burden for this task
180 alone. At the reading of this ordinance, many organizations and individuals stood up in support of the passing of the
181 ordinance, as well as providing insight into their contributions or activities and suggested that these to be addressed
182 for next steps. The supporters of the ordinance are resources for the town. Mr. Neil Gilbert from Sunset Beach
183 offered as president of the Brunswick Environmental Action Team as an environmental resource and marine
184 biologist to help. Mrs. Donna Grimes from Garden City from the South Carolina United Turtle Enthusiast's is a
185 resource and offered to help. Mrs. Carolyn Brander from Georgetown representing the Coastal Conservation League
186 and I called her, is very happy to assist in any way as you reach for the next step. Coastal Carolina has an
187 undergraduate and graduate program that can be coordinated with the town education programs through projects and
188 assignments for the students. One of those students was here and represented and spoke for the favor. Mr. Auburn
189 Hooker from the Grand Strand Surfrider Foundation (*time ended*) offered the resources of the Worldwide Network
190 of the Surfrider Foundation. This is the group that also has their name on all the total informational plaques along
191 the town, and finally Mrs. Corrine Hilliard also from the South Surfrider Foundation who has assumed the
192 leadership role in the anti-plastic program for that organization offered assistance in education and transition into the
193 non-plastic bag era with anti-plastic programs and materials through the Surfrider website. She has already done
194 training at Coastal Carolina, Horry County... (**noncommittal noises because time ended) Mayor Childs: I'm
195 stretching it as much as I can. Mr. Reed: Okay, as you know you can go back and look at the minutes to find all the
196 resources you have available. Mr. Ott: I'd like to hear Don Reed's name on that list to help us. Mr. Reed: Okay,
197 final thing, if I may. All we need to do, to have done here is prevent bags from being distributed on the beaches.
198 That's all we have to try to do, so we need to educate people to do it.

10. TOWN COUNCIL COMMENTS.

200
201
202 Mr. Ott: Thank you, Mr. Reed, for your statement and when we do set up this educational program that
203 we'll do and it will be a few hours, not one hour, I'm hoping it's gonna be five or six hours that we'll be open and I
204 would, I would like to have your participation as you seem to have done your homework pretty well on that. It's
205 going, it's going to take a while, because I remember sitting in here for a year hearing about how bad the smoking
206 ban was until everything got ironed out, and Rome wasn't built in a day, but we'll make this plastic bag ordinance
207 work very well for this town. Believe me, there's a lot of people who are going to help, and we had a good
208 ceremony tonight, and I welcome our new councilmen, and our new mayor pro tem, and it's really great to have this
209 town the way it is. Thank you.

210
211 Mr. Pellegrino: Thank you very much for coming tonight. Just in response some of the comments, we have
212 been talking about raises for public safety in the budget process, and continue on the 17th in a workshop. Hopefully,
213 we can make decisions on that. As far as the building height, just like I told Mr. Dodge two weeks ago, R3,
214 Entertainment District, C3, I won't go for anything over 55 feet. I think that is something very positive that this town
215 has done over many years, and that prevents us from being like Myrtle Beach, and surrounding communities. I say it
216 all the time that our maintenance of our height of 55 feet and 35 feet and also our lack of debt makes this town
217 different than everywhere else, and that gives us flexibility. It gives us the opportunity to be better, and give better
218 services, and also make better decisions for the future. Finally, I just once again want to thank Ms. Samples and Mr.
219 Courtney for their service over the last two years, and welcome aboard Ms. Scoles and Mr. Dietrich. Welcome to the
220 fun. (*Laughter.*) Have a great night.

221
222 Mr. Stevens: Thank you everybody for coming out tonight and there were some good comments from our
223 citizens here. I agree with Ms. Wescott, let's be careful. Let's not put anything out there that citizens don't want. I
224 know that they've done that in the past. Mr. Sadler talked about gaps in the integrity, gaps in confidence, and wished

225 us good luck. Well, I wish our new councilmembers good luck, and that they have made a huge step and I'm going
226 to give them a word of advice. Whenever you get something thrown at you, just be a duck. Let it roll off your back.
227 Just forget about it. It'll be alright. I agree with Mr. Dodge and Mr. Pellegrino. We don't need to raise the height. We
228 have a family beach. As a matter of fact, we're second safest, excuse me, the third safest town in the State of South
229 Carolina, because we have a fine police department. Public safety, public fire [sic,] is one of the things that we need
230 to make sure that we take care of, and I've been talking with Sabrina Morris and she is actively working on a lot of
231 good things for the town. So, I'm glad she's back. As far as the plastic bags, Mr. Reed, if you could, it would
232 probably help us if you would email all that information you talked to each one of the councilmembers. You can
233 send it to Ms. Herrmann. She will disseminate it to all of us and that way we can get all that information. I'm one; I
234 don't like see plastic bags floating in the river and in the inlet or on the beach; see 'em anywhere, and obviously, we
235 need to take care of that. We, we've got; right now we're using plastic bags on the beach to pick up dog waste and
236 things like that, and at the dog park. So the town's got to set an example, at the same time. Once again, I want to
237 welcome all of, Mr. Pellegrino back to the council and welcome our two new council persons, and I hope that we
238 can work together in harmony for the next two years, and then we can accomplish a lot of great things. God bless
239 y'all all [sic.] Thank you for coming and have a great week.

240
241 Mr. Dietrich: Thanks for coming out tonight. Thank you for allowing me to serve this community. It's an
242 honor and privilege, and I will work very hard. I assure you of that. To address Mr. Dodge, I have no problem if the
243 chief would like to do a background check on me, and I will sit down with him and provide him with any
244 information he needs; both my personal careers and my financials. It doesn't matter to me. There's nothing out there,
245 but Chief [Hofmann], if you and I would like to get together, I have no problem with it. Mr. Reed, I couldn't agree
246 more. You brought this up at the last meeting, and it's a good point. Passing the ordinance is one thing; educating the
247 public about it is another, and we need to move forward with that. We really do. Thanks for coming out folks. Have
248 a great night.

249
250 Ms. Scoles: Good evening, everyone. I want to thank you for coming out this evening. I also want to go on
251 record being known that I, too, am against any height being raised on our buildings. I do not want to see anything
252 going above 55 feet, and as far as the plastic bag ban, I totally agree [they] need to be abolished, but we've got to
253 educate these people on how we're going to do that and we've gotta take the first step. Like Mr. Stevens said, we
254 still have plastic bags on the beach for the dog waste and at the dog park. So we need to set the first example. I look
255 forward to working with everyone on council, and hope that it's going to be a good four years for all of us. Thanks
256 again for coming, and I hope you have a great week.

257
258 Mr. Johnson: Thank you all for coming out again. It's a virtual ritual; two times a month. We love that you
259 guys come out. I would like to welcome back Councilmember Pellegrino and the new Councilmembers. I would just
260 offer you a little advice, education is key, and I know that you both are intelligent, but municipal government is
261 monster in itself. I think everyone up here can attest to that. But, thank you. Welcome. I would like to thank Mr.
262 Reed for your comments and suggestions. I truly thank you for that. As far as the height restrictions, I don't want to
263 go over 55 feet. I mean that's ludicrous. If you go offshore, go 10 or 15 miles offshore, you can always tell where
264 Surfside Beach is, because Myrtle Beach is up here, and Garden City is up here, but Surfside Beach is down here
265 (*indicated upper and lower heights with hands*). It's great. We have a great community, and I want to keep it that
266 way. Thank you, again, for coming out.

267
268 Mayor Childs: I do want to welcome both of our new members to council. Congratulations on your
269 election. I think everybody here seems to be in agreement on the 55 foot height limit. I look forward to a new
270 session here and everything running smoothly.

271
272 **13. Executive Session.**

273
274 **A. Pursuant to the Freedom of Information Act §30-4-70(a)(1) to discuss employment, appointment,**
275 **compensation, promotion, demotion, discipline, or release of an employee, or the appointment of a person or**
276 **persons to a public body (town administrator).**

277
278 Mr. Stevens moved to enter executive session at 7:14 p.m. Mr. Johnson second. All voted in favor.

279 **MOTION CARRIED.**

280

Town Council Regular Meeting
May 8, 2018

281 Mr. Johnson moved to reconvene regular session at 8:21 p.m. Mr. Ott second. All voted in favor.
282 **MOTION CARRIED.**

283
284 Mayor Childs said for the record, "No action was taken during executive session."
285

286 **B. Motions or directions resulting from Executive Session.**

287
288 Mr. Johnson moved to direct the town administrator to negotiate a contract with Candidate A for the
289 position of town administrator. Mr. Ott second. All voted in favor. **MOTION CARRIED.**

290
291 Mr. Pellegrino moved to direct the town administrator effective July 1st, 2018 to eliminate the full
292 time position discussed in executive session. Mr. Dietrich second. All voted in favor. **MOTION CARRIED.**

293
294 **14. ADJOURNMENT.** Mr. Johnson moved to adjourn the meeting at 8:24 p.m. Mr. Ott second. All
295 voted in favor. **MOTION CARRIED.**
