## OPERATION RESCUE

The Public Safety Department is soliciting your assistance in identifying town residents who are homebound, disabled, or who have special needs that might prevent or slow their movement in case of an emergency evacuation. This information is being requested as part of the town's emergency operation plan.

You are requested to canvass your respective neighborhoods and bring this notice to the attention of any resident having special needs. Ask them to contact Captain Arron Miller at 843-913-6345. Captain Miller will respond to identify and coordinate each person's need for assistance during an emergency evacuation.

This is an important initiative that will help maintain the safety of our friends and neighbors who have special needs. Please help the Public Safety Department by giving this request your attention.

### **Important Numbers:**

All Emergency Calls Dial 911
