Discussion:

The purpose is to create a unified community effort that would entice shoppers and visitors to come to our town during the Christmas Holiday Season; that would bring additional revenue to SSB. Residents and Businesses could entice people by way of lights and décor. KSBB amended the Decision Paper not sell commercial grade lights this year. KSBB anticipates the purchase of lights for businesses/residents to be available next year. This year we are focused on the promotion of this community effort to the businesses and residents.

Mayor Childs APPROVED KSBB to be on the agenda for August 14, 2018 to present this project to Council for approval.

Motion to:

Vote for August 2018 Yard of the Month.

Discussion:

Resident Lawton Murray expressed his concerns for litter, mainly along the beach accesses. He would like to recommend that the accesses have more enforcement for littering. KSBB plans to focus more on the litter around those areas.

Resident Corrine Hellyer shared information to educate KSBB and Guests on the plastic ban bag and alternative things to use other than plastic.

John Adair updated KSBB on the Vitex plants. Public Works thinks that the project previously destroyed the plant, but they are monitoring. Mr. Adair also informed us about the relocation of the Crepe Myrtle trees from the Hwy.17 medians to other parts of the

town. This is to avoid damaging or destroying the plants, trees and/or shrubs when the Hwy. 17 project begins.

Mayor Childs also expressed interest in the ice cream/snow cone businesses to use wooden spoons again vs. plastic spoons that end up on the beach.

Old Business for TABITHA:

1. None at this time.

New Business for TABITHA:

1. Prepare the presentation to Council for the August 14, 2018 agenda.
